For Taking Notes

Notion is a collaboration platform with modified markdown support that integrates notes, tasks, wikis, and databases. It is an all-in-one workspace for note-taking, knowledge and data management, and project and task management. It is described as a file management tool offering a unified workspace, allowing users to comment on ongoing projects, participate in discussions, and receive feedback. In addition to cross-platform apps, it can be accessed via most web browsers

For Time Management

Clockify is a time-tracking app. If you want to become more productive or ever wondered, "Where does my time go?" then this is an app for you. When you see where your time goes, it will be much easier to organize it. You will be able to see if you are spending too much time on something unnecessary or if your time management plan is actually not as effective as you thought. There's an option to track time automatically, so you won't have to worry about it interrupting your workflow or ruining your concentration.

For Organizing Tasks and Assignments

Microsoft To Do- Microsoft To Do is a task management app to help you stay organized and manage your day-to-day tasks. You can use Microsoft To Do to make shopping lists or task lists, take notes, record collections, plan an event, or set reminds Microsoft To Do makes it easy to stay organized and
